OBJECTIVE

To secure a challenging role as an Android Developer in a dynamic organization, where I can leverage my 5.5+ years of experience in developing Android applications using Java, Kotlin, and other relevant technologies. With a strong understanding of Android SDK, Retrofit2, and other popular libraries, I aim to develop and deliver innovative and user-friendly solutions that align with the organization's objectives. I am passionate about staying up-to-date with the latest industry trends and technologies to ensure the highest level of performance and quality in my work.

SKILLS

- Android development (Java/Kotlin)
- API Integration (Retrofit2)
- Map (Google map/Open street map)
- Push notifications (FCM)
- Firebase Cloud functions
- Pagination (Paging 3)
- Room database
- MVVM, LiveData
- Coroutine Flow
- Version control (Git)
- Testing Automation
- Python
- Data scrapping

EXPERIENCE

Oct 2021 – Continuing
Aventra Consultant LTD
Software Engineer (Android)

Lead and manage a team of android developers, create and distribute tasks to the employees, and solve complex technical problems.

Mar 2017 – Jan2018
HEXit LTD
Android Developer
Contact clients, write SRS, implement assigned tasks, find-and-fix bugs.

PROJECTS

TingTong Android App
TingTong app is a social media platform. Here I used agora sdk for audio/video calling (single/group), firebase cloud function for backend. For sharing video, I used ffmpeg for compression and filter option.

Oshary Android App
Oshary is an E-commerce platform. Here I have used MVVM pattern with Retrofit2 library. FCM used for notification and SSLCommerz sdk for payment getaway.
See in Play Store

Mutho Keyboard
This keyboard has some unique features like built-in calculator, Qr code reader etc. Accurate Voice to text conversation for Bangla language. Other than that usual features like emoji, phonetic bangla etc.
See in Play Store

AddiLock:Lock Your Phone Addiction
Using this app you can lock any apps for certain period of time. In this time period you can't access that app. I have used usability permission to do that.

EDUCATION

2019
Shahjalal University of Science & Technology
Physics/Master of Science (MSc)
3.20 (out of 4.00)

2018
Shahjalal University of Science & Technology
Physics/Bachelor of Science (BSc)
3.14 (out of 4.00)

2018
Shahjalal University of Science & Technology
CSE 2nd Major/Bachelor of Science (BSc)
3.42 (out of 4.00)
